

## Agenda of the 6<sup>th</sup> China International Nonwovens Conference

Jun.22<sup>nd</sup> 2017, Shanghai Mart

**Organizers:** CNITA, INDA, CCPITTEX, Messe Frankfurt(HK)Ltd

**Supporters:** EDANA

**Co-Organizers:** Shandong Taipeng Environmental Protection Material Co., Ltd, Dalian Hualun Nonwoven Equipment Engineering Co., LTD, Quanta-Gold Boat

**Medias:** RISI, China Textile News, Textile Apparel Weekly, Technical Textiles

### Main Forum

Current Situation and Development Trend of Global Nonwovens Market

*Moderator: Zhang Chuanxiong, Secretary-general, CNITA*

*Meeting Room: Golden Hall, 7<sup>th</sup> Floor*

09:15-09:45 Registration

09:45-10:00 Opening & Welcome

10:00-10:20 Development of China Nonwovens Industry

*Li Lingshen, VP of CNTAC and President of CNITA*

10:20-10:40 Global Fiber Industry and Nonwovens Innovation

*Andreas W.Engelhardt, General Manager ,The Fiber Year GmbH*

10:40-11:00 Nonwovens Solutions for Technical Applications

*André Michalon, Sales Director of ANDRITZ*

11:00-12:30 VIP Interview

*Leaders of International nonwovens organization*

### Seminar 1

Market Development and Technological Innovation of Nonwovens for Medical & Hygiene

*Meeting Room: Room C, 7<sup>th</sup> Floor*

14:00-14:20 Global Nonwovens Market Trends: Supply, Demand and Trade

*David Allan, Editor of nonwovens businesses, RISI*

14:20-14:40 Development Trends of Chinese Baby Diaper Market

*Fang Yu, Director ,Beijing WDooDoo E-commerce Ltd*

14:40-15:00 Demand and Application of Nonwovens in Medical Field

*Professor Zhong Xiuling, China Meitan General Hospital*

15:00-15:20 Microbial Alginate Dressings Show Improved Binding Capacity for Pathophysiological Factor in Chronic Wounds

*Psyche Li,Business Development Consultant, Hohenstein Textile Testing (Shanghai)*

15:20-15:40 Research and Application of Spunbond Nonwovens Technology

*Professor Qian Xiaoming, Dean of Textile College, Tianjin Polytechnic University*

15:40-16:00 Spunlaced Nonwovens Technology Innovation and the Latest Application  
*Professor Jin Xiangyu, Donghua University*

## **Seminar 2**

Technological Innovation and Application Expanding in Durable Nonwovens

*Meeting Room: Room A, 7<sup>th</sup> Floor*

14:00-14:20 Application of Nonwovens in Construction Engineering  
*Tian Fenglan, Chief technical expert, Oriental Yuhong*

14:20-14:40 Engineering Design and Requirements for High Temperature Filter Material  
*Professor Liu Jingxian, Northeastern University*

14:40-15:00 The Next Answer in High Efficiency Filtration  
*Celine Ma, Asia Technical Services Manager, Health, Hygiene and Specialties Division, Berry Global*

15:00-15:20 Progress and Application of Bio-Component Spunbond & Spunlace Technology  
*Huang Youpei, General Manager, Dalian Hualun Nonwoven Equipment Engineering Co., Ltd.*

15:20-15:40 Application of Glass Fiber Wetlaid Nonwovens in Battery  
*Shen Weihai, deputy chief engineer, Sinoma Science and Technology Membrane Materials Co., Ltd.*
